Privacy & Security Policy Packet

Nimbus Notes AI (fictional). Version 3.2.

Contents

1. Overview
2. Data use
3. Retention
4. Access control
5. Incident response
6. Encryption
7. Business continuity
8. Contact

2. Data use

2.1 We process customer audio only to provide transcription and summaries.

2.4 Customer audio may be used to improve our transcription models unless the customer opts out in writing.

3. Retention

Recordings are retained for the life of the customer account. Recordings are deleted at account closure on request.

4. Access control

Administrative access is restricted to authorized engineers and requires MFA.

5. Incident response

We maintain a documented incident response plan, last exercised in March 2026.

Affected customers are notified within 72 hours of a confirmed breach.

6. Encryption

Customer data is encrypted at rest and in transit.

7. Business continuity

We maintain a business continuity plan with a recovery time objective of 4 hours.

8. Contact

Security questions: security@nimbus-notes.example (fictional address).
